### Utility Letter

I (we) hereby acknowledge that I (we) am fully responsible for the connection, payment and disconnection of the electricity to my apartment. This letter signifies that I (we) will have made the appropriate arrangements for the electricity to be turned on in my (our) names(s). I (we) fully understand that the community has removed their name off of all the utility accounts and that if I (we) have not made the appropriate arrangements to have the utilities turned on that I (we) may not have utilities upon move-in.
